

### Submitting Your Report to MABRC

Thank you for taking the time to tell us about your experience. Your report will be allocated by region and investigated in a timely manner. We will strive for accuracy and fairness in our investigations and all post investigative reports are subjected to a screening process before publication to insure adherence to our standards of evidence.

Please follow these guidelines when submitting your report:

- Tell us about your experience, in as much detail as possible, from start to finish.
- Avoid embellishing or exaggerating details.
- Excessive use of profanity and exclamation points tend to detract from areas of the report that may be more useful to us.
